**Campus:** Equip's campus is a ministry training center; therefore, children are not permitted during the various training programs. Only registered program attendees will be housed during programs. Pets are not allowed.

**The Source (Equip's Book Store):** In order to provide program attendees with additional materials, Equip's book store stocks many titles that are applicable to overseas ministries in developing countries. Also available are many helpful items for overseas living. The cost of any books or materials is not included in the tuition fees.

**Accommodations:** Housing for all the Equip training programs is dormitory style with 1-2 people per room.

**Housing:** Because there is no housekeeping staff at Equip, expect to participate in household duties to help keep all cost at a minimum. Help will be needed with the clean up after each program and after some meals. If you are attending more than one program, accommodations are available for the weekend between those programs, but no meals will be available between programs.

**\*Linens:** A single mattress with a vinyl mattress cover is provided. Supply your own linens and a pillow case as well as towels and wash cloths.

**Internet:** A wireless Internet connection is available.

**Vaccinations:** All program attendees **must** have a **current tetanus vaccination** (within 10 years) before coming to Equip.

**Insurance:** Each attendee **must** have health insurance before coming to Equip. If you do not have insurance, Equip can give you contact information so you can get temporary insurance for the duration of the time you're at Equip. If you have alternate health insurance, please send a signed statement to that effect.

**Food:** Breakfast and lunch will be provided each day. The evening meals will be at a couple local restaurants and are included in the program cost. We are **NOT** able to accommodate those with special dietary needs or food allergies. In order to keep Equip's facilities pest free, we must request that no food be brought into any classroom, dormitory, or lounge area, and that all drinks be contained in closed containers (no open cans or drink cups). We thank you in advance for helping to prevent bugs and rodents on Equip's campus.

**Clothing:** Dress is casual (no ties or sport coats) but modest (no sport/gym/short shorts) at all times. On site laundry facilities are available for a small fee.
