December 11, 2006

Dear Friends,

This sure has been a busy year! Linda and I returned from wintering in Florida in April. At that time, we both went back to work (part-time jobs). I went back to driving a truck and driving a tour bus, and Linda is working at Equip where we have our mission office; she is working in the finance department. We both failed at retirement!

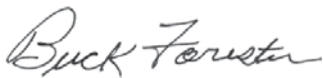

Things started to get busy in August and September speaking at several churches about the Kentucky Coal Mine Mission's work up in Pineville, Kentucky at the Lighthouse Mission Center. We told them about how the ministry has expanded to include a Medical and Dental Clinic, as well as the food and clothing center. This has been such a blessing for the people we serve. God Sure Is Good!

On September 11, 2006 Linda and I went to the Lighthouse Mission Center and celebrated with them the 5th year anniversary of the Mission. We then came back and went to Hendersonville, N. C. and collected a 24foot trailer load of children's clothes going back to the Mission Center in Pineville.

We are now getting ready for our trip on December 20th to Paige School in Pineville, Kentucky to take the students Shoe Boxes for Christmas. This is always a big highlight of our year. We will be also taking toys, food and coats.

We want to wish each of you a Merry Christmas and Happy New Year. We look forward to serving and reaching the people of the Appalachian region again in 2007. You, through your prayers, gifts and encouragement, make all of our work possible, and we thank you.

Sincerely in Christ,

Uncle Buck
